---

Got the email, but my computer is not able to recognize the zit file. I'll check with our IT person on Monday.

**Subject:** Fw: Delta Shipyard Data

See the files below. This is the information that should be sent to Janine to set up the flex viewer for the site. The only issue may be that there are no GPS coordinates for the sample locations. If no GPS coordinates then we need to look at the drawings or maps and estimate the locations and make sure that it is clear that these are estimated.

Thanks

---

Hi Brenda – attached is the Scribe database for the Delta data. I changed the .zip prefix to .zit so it could go through your firewall. Just change it back and it should open fine. Let me know if you have any questions – thank you - Michelle

**Subject:** Delta Shipyard

Michelle;

Attached is the SCRIBE for this project. The spreadsheet is a summary of the locations and shows which I have been able to estimate a location and which I have not.
